

Welcoming Change at Monroe Pediatrics

Monroe Pediatric Associates is pleased to announce that we have joined Allied Pediatrics of New York (APNY), a large pediatric medical group with 23 offices in Westchester, Nassau, Suffolk, Queens and now Orange County. Through this affiliation, Monroe Pediatrics will continue to provide patients and families access to the best in modern pediatric care.

All of our doctors and staff are still here to serve you. We are making changes to our technology to provide you with a more pleasant, efficient experience including updates to our computer and phone system. In addition, electronic medical records and a patient portal to provide enhanced services are in our future plans.

Effective May 8, 2012, you will see these changes implemented and will also begin receiving statements for services performed after that date from APNY. You will have the option of contacting APNY's Syracuse office on a 800 number to discuss billing issues from that statement. You will also continue to receive a statement from Monroe Pediatrics for outstanding balances prior to that date. Our billing staff will continue to handle all issues on our Monroe Pediatric statements and provide support on the APNY billing as well.

We appreciate your patience during this transition and have made every effort to make this as seamless as possible for our valued patients.

We are all very excited about our future with Allied Pediatrics of New York and the prospect of being able to provide you with innovative services and continued excellent medical care.
